* Civil Ceremonies only

Our Reportage style presents the day in a very natural way, with a restrained approach in shooting and editing. Ideal for couples wanting a professional but unfussy record of their day and best suited to civil ceremonies, or shorter or more intimate wedding celebrations. The use of two cameramen allows us to be in more than one place at the same time and hence more creative on the day. The 'Orchid' Cinematic style pushes this further, with more artistic flourishes in both filming and editing.

The above is not exhaustive - we are pleased to work with you to create a bespoke package that matches the needs of you and your day e.g. denominational celebrations, humanist ceremonies, more involved or more informal wedding days.

We have a Gift List service, whereby your guests can contribute to the cost of your wedding video. Please ask us for details. We also offer discounts for winter or weekday weddings.

Please contact Chris to discuss your Wedding Day requirements. We look forward to hearing from you.

Additional Services

WEDDING DAY EXTRAS

Bridal Preparation £95

A member of our team films the Bride and her bridal party prior to the wedding ceremony, capturing the excitement of those moments that no-one else sees. The filming is as low-key and unobtrusive as possible. A great way to show the buildup of your wedding day.

Groom and Best Man Shadowing £95

We can film the Groom and his Best Man preparing for the big day for up to 2 hours prior to the ceremony.

Guest Messages £50

Let your guests offer you their personal video message greetings during the evening. We can also accommodate email wishes and telegrams which can be added as onscreen messages in the finished DVD.

Same Day DVD £100

We can offer you a simple DVD of your wedding ceremony to take away at the end of your day. Ideal if you want a memento to show a relative soon after your wedding, or even if you just can't wait! (Wedding day schedule permitting).

Extended Late Shoot £75/hr

Our videographers stay with you beyond your First Dance or package finish time.

EDITING EXTRAS

Short Montage Edit £75

A selection of highlights from the day (10–15 minutes long) included on the main DVD. This edit is a nice balance between the single-song highlights edit which is included as standard, and watching the full DVD – perhaps something you'd show friends if they popped round.

Separate 'Highlights' DVD £100 for 3

Shortened version of the DVD (30–45 mins) designed for guests to order during or after your Wedding Day. This DVD is ideal as a gift for the Best Man and the Bridesmaids as a personal 'Thank-you' from the Bride & Groom.

Music Video Edit £75

A stylized and generally upbeat 3–5 minute movie edited to a track of your choice – something that captures the essence of the day but in a more unusual way.

Photo Montage £65

We include any photos you would like to provide and present them as a slideshow on the DVD. These may be photos taken by guests and family during the day, photos of the couple growing up, or even the best memories of your honeymoon.

This can be arranged as the introduction to your DVD, or as a standalone chapter.

We can also include any other video footage that you may have filmed, please ask for prices.

Fast Track Service £50

We edit your footage as a priority and deliver your finished DVD within 6 weeks of the date of your Wedding instead of 12.

Extra Main DVD copies £20 each

These can be ordered prior to your wedding or for up to 12 months afterwards.

Customer Testimonials

The DVD is fantastic and an incredible souvenir that we will be able to cherish with friends of family. Although we were hesitant initially to have a video, we now can not even imagine not to have had it! Your team was so effective and discrete during our wedding day that we did not know they were there. The result is beyond our expectations, with the capture of all key moments, a good mix of everything happening, subtle editing, and a great choice of music for each chapter. And all of this in a record time! THANK YOU so much to you and your colleagues for enabling us to keep this magical day alive for the rest of our lives. A massive thank you again.

Laure & Colin, 24th October 2009

You did an outstanding job. We are completely delighted; thank you very much. You are clearly very talented and excellent at your job. The end result is fantastic. I would not hesitate to recommend you to all my friends and family.

Charlotte & Anthony, 17th July 2009

Thank you so much for managing to capture the flavour and atmosphere of the day so well. I am sure we will treasure this memory on DVD for years to come.

Julie & Mark, 30th May 2009

We wanted to say a really big thank you to you and Zoë for your advice and support leading up to the big day and for your hard work and professionalism on the day itself. We were completely blown away by the finished DVD. We absolutely love the artistic yet casual style of the film.

You captured the atmosphere of the day perfectly and we love the way you have incorporated lots of the little details that otherwise might have been quickly forgotten.

Iain & Julie, 18th April 2009

Wow. The wedding DVD was absolutely fantastic! It captured all the emotion of the day, all the best bits and all the parts Michael and I didn't get to see.

You all did a brilliant job, it is more than what we could of hoped for. The style of filming, the shots you took and the creativity are phenomenal, you really were all outstanding to produce such a high quality wedding dvd that I have seen in a long time.

From the start you have been very professional, you have listened to our needs & always been on hand if we needed anything; this is what good quality service is all about. A big thank you again!

Well what can we say, the DVD is fantastic! We are so over the moon with the final product, we sat and watched it from start to finish, and both laughed and cried! The quality of the image and music is outstanding and you have captured the real feeling of the day.

On the day we really did forget you were there (in the nicest possible way) yet you have captured everything from start to finish.
